

Photograph Number: 01 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of containment area for the Sulfuric Acid Plant.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1205 Hours Direction: Southeast

Photograph Number: 02 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of drainage ditch located adjacent to the Sulfuric Acid Plant.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1213 Hours Direction: Downward

Photograph Number: 03 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of supersack containing catalyst used by the Mosaic facility to convert SO₂ to SO₃ in the Sulfuric Acid Plant.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1215 Hours Direction: Downward

Photograph Number: 04 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of spent catalyst awaiting reclamation.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1216 Hours Direction: Downward

Photograph Number: 05 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: Plastic covered supersacks containing spent catalyst.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1217 Hours Direction: Northwest

Photograph Number: 06 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: EPA Inspection team collects pH reading on surface water standing within partially lined ditch at Sulfuric Acid Plant.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1220 Hours Direction: North

Photograph Number: 07 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: National Enforcement Investigation Center (NEIC) personnel performs litmus test on standing water located in a drainage ditch at the Sulfuric Acid Plant.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1224 Hours Direction: North

Photograph Number: 08 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of Neutralization Pit.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1226 Hours Direction: North

Photograph Number: 09 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of Sulfuric Acid Plant drainage ditch.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1227 Hours Direction: South

Photograph Number: 10 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of Sulfuric Acid Plant drainage ditch.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1228 Hours Direction: North

Photograph Number: 11 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of sulfuric acid containment drain valve.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1229 Hours Direction: Northeast

Photograph Number: 12 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of sulfuric acid drainage combined ditch to flume. (Note: The drainage ditch is a confluence of two separate drainage ditch systems.)
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1230 Hours Direction: North

Photograph Number: 13 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of facility flume and discharge.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1235 Hours Direction: West

Photograph Number: 14 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of discharge from the Sulfuric Acid Plant into the facility flume (a.k.a. A' and E' discharge).
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1236 Hours Direction: South

Photograph Number: 15 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of discharge line from the Sulfuric Acid Plant into the flume (a.k.a. Train D').
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1237 Hours Direction: West

Photograph Number: 16 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of phosphoric acid tell-tells.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1245 Hours Direction: North

Photograph Number: 17 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of hotwell underneath the barometric condenser located in the Phosphoric Acid Plant.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1250 Hours Direction: East

Photograph Number: 18 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of hotwells located in the Phosphoric Acid Plant.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1253 Hours Direction: Northeast

Photograph Number: 19 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of active pond on top of gypsum stack.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1540 Hours Direction: Northeast

Photograph Number: 20 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of discharge line from the Phosphoric Acid Plant discharging out to the gypsum stack.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1551 Hours Direction: Northeast

Photograph Number: 21 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of landfill/environmental discharge area located on top of the gypsum stack.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1555 Hours Direction: South

Photograph Number: 22 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of landfill/environmental discharge area located on top of gypsum stack.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1557 Hours Direction: Downward

Photograph Number: 23 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of boneyard containing 55-gallon drums of partitioning rings.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1609 Hours Direction: West

Photograph Number: 24 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of 250-gallon totes located in the BFI trash bin collection area.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1620 Hours Direction: East

Photograph Number: 25 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of label adhered to a 250-gallon tote located in the BFI trash bin collection area.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1621 Hours Direction: West

Photograph Number: 26 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: Overview of BFI trash bin collection area.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1623 Hours Direction: South

Photograph Number: 27 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of secured area located in the BFI trash bin collection area containing sealed 55-gallon drums.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1625 Hours Direction: North

Photograph Number: 28 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of used oil storage area. (Note: The used oil storage area is also used as a maintenance area.)
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1640 Hours Direction: East

Photograph Number: 29 Photographer: Ryan Rosser
Location: Mosaic Facility
Subject: View of less than 90-day hazardous waste storage area.
City: Uncle Sam State: Louisiana
Date: April 6, 2005 Time: 1644 Hours Direction: South
